

## Sono Field House Goes Dutch

May 24, 2010

Sono Field House is proud to announce its new partnership with Dutch Total Soccer (DTS) to provide the highest level of quality soccer instruction in Fairfield County, CT.

DTS is a soccer training organization led by outstanding professional trainers from the Netherlands. The DTS program focuses on making high quality training available for soccer players of all levels. DTS trainers are graduates of the C.I.O.S. Academy, a 4-year sports college, or the KNVB Academy (Royal Dutch Football Federation) and all have a UEFA B license or higher. The real difference in the DTS training lies in the methodology that the Dutch are world renowned for; all training sessions are segmented and made level appropriate. DTS trainers are not merely soccer coaches, but true teachers of the game.

DTS Connecticut Soccer Director **Lennaert Bitter**, a graduate of the C.I.O.S. Academy, has over 13 years of experience coaching in the U.S. and many more years in the Netherlands. After successful periods in Ridgefield, CT, Binghamton, NY and Somerset, NJ he comes to Sono Field House in Norwalk to build on his already impressive resume.

DTS has been operating in New Jersey since 2001 with great success and now has come to Connecticut to expand and share the DTS training methods with even more athletes. The partnership with Sono Field House combines a world class facility with world class training.

DTS will offer summer camps, school holiday camps, classes, clinics, team training, private training and much more. If you are interested in finding out more, or would like to schedule an introductory session with one of the trainers please contact: Lennaert Bitter at [lbitter@sonofieldhouse.com](mailto:lbitter@sonofieldhouse.com). For general inquiries, please email [info@sonofieldhouse.com](mailto:info@sonofieldhouse.com).

DTS summer camps are scheduled for 7/26/10 and 8/16/10 at Sono Field House. These full day camps are packed with DTS technical training and high energy playing time.
